It is necessary to assess your likely power consumption when booking your site.

If you are heating water you are not a low power user.

Personal generator must be of the "silent-type" and fully compliant

Note: Exhibitors will be monitored during the event to ascertain their power usage. Any exhibitor exceeding their level may trip the circuit breaker and will be charged a penalty in addition to the fee.

It is the exhibitors responsibility to arrange all electrical equipment on their site.

All electrical equipment on site must comply with Australian/New Zealand standard 3002:2002.
